All paperwork must be completed prior to the student beginning their program. The true legal name of the student that matches their identification card, permit, or license must be used. For all services behind the wheel the permit or license must be in-hand. The student must hold a valid, original copy of their permit or license. A photocopy will not be acceptable for behind the wheel services.

Requirements to Participate in Behind the Wheel Lessons:

Prior to driving one of Blue Line Driving School's vehicles, the student must have authorization to drive and proof of it on them at all times behind the wheel. This can be a permit, license, international license, etc. By Florida law the physical permit or license must be on the student while driving. Students must wear closed toed shoes for driving lessons. There is no age limit for driving lessons.

Cancellations and No Show Appointments:

Our instructor schedules are built around the pre-scheduled appointments. Instructors will wait a minimum of 15 minutes and no more than 30 minutes after the scheduled appointment time before it is considered a no-show appointment. If a no-show appointment occurs, that lesson is forfeited. Cancellations must be made more than 24 Hours in advance to avoid a late cancellation fee of \$45.00 per lesson. The cancellation fee must be paid prior to rescheduling the lesson. Failure to pay the late cancellation fee will result in a forfeited lesson. No refunds will be issued in such a case.

Tardiness:

Instructors are provided a full schedule of on the road lessons, which may occasionally result in traffic delays. Instructors are granted a 25 minute grace period to accommodate unforeseen circumstances. If an instructor is late, they will make every effort to make up for the lost time within their schedule. On the other hand, students are not given

a grace period and are expected to be punctual for their lessons. Any time lost due to a student's tardiness will be forfeited, emphasizing the importance of timeliness and adherence to scheduled lesson times for a productive learning experience.

Discontinuation of a Single Lesson or All Services:

Blue Line Driving School and its driving instructors reserve the right to stop a lesson at any time due to the student's careless driving, behavior, loss of attention, and unsafe conditions. Driving instructors may take control of the vehicle at any point during a lesson. This can be at the start, end, or if they feel that the driver is not able to complete the lesson or any length of the lesson in a safe manner. Students reserve the right to discontinue a lesson at any point for any reason. If a lesson has to be discontinued for any reason, the remainder of the lesson time is forfeited. No refunds will be issued in this case.

The student must act in a mature and respectful manner while using services. Any behavior the driving instructor deems inappropriate or disruptive to the learning process can result in discontinuation of the current lesson or student expulsion. No refunds will be issued in such a case.

Any portion of the lesson plan that is unused within 12 months of purchase expires and is no longer redeemable.

Physical and Mental Conditions:

Blue Line Driving School services any student with the mental and physical capability of operating the vehicle. It is the responsibility of the student/guardian to disclose any learning disability, medical or physical condition, or mind/vision altering medication prior to the lesson. It is the responsibility of the student/guardian to inform the driving school of any conditions or medications that may affect the student's ability to operate the vehicle.

Testing:

Blue Line Driving School does not guarantee that any of its students will pass their written or road exam. Blue Line Driving School does not guarantee that the student will not get into any traffic collisions while taking part in behind the wheel driving lessons.

Damages to Company Vehicle:

I understand that teaching students to drive is dangerous and fluid. The instructor will take every precaution available to keep the student and vehicle safe. However, the student is operating the vehicle, in control, and ultimately responsible for anything that happens. Accidents are always a distinct possibility. Should damages occur during the time of the student operating the vehicle, the student/parent/guardian assumes full responsibility of any replacement costs up to but not exceeding the \$500 deductible. A vehicle damage waiver can be purchased for the amount of \$30/driving lesson to avoid paying any potential fees.
